INSPIRE

INSPIRE Maintenance and Implementation Framework (MIF)

The Commission is setting up the INSPIRE Maintenance and Implementation Framework (MIF), which is based on the same principles as those applied for its development.

INSPIRE Maintenance and Implementation Group (MIG)

In the INSPIRE Committee it was agreed to set up a Commission expert group called INSPIRE Maintenance and Implementation Group (MIG) with representatives of the INSPIRE national contact points.

Pool of experts

The MIG will be complemented by a pool of experts drawn from the stakeholder community. The experts in this pool will be called upon when MIG sub-groups are formed to address specific implementation or maintenance issues, but will also provide the opportunity to reach out to experts involved or interested in particular aspects of INSPIRE implementation or maintenance.
